The purpose of the **ACCSC Graduation & Employment (G&E) Charts** is to provide a clear, standardized way for schools to report student outcomes. Specifically, the charts are used to:

- **Document program-level student achievement** by tracking how many students **graduate** within the allowable timeframe.
- **Report employment outcomes** for those graduates, showing how many are **employed in-field, out-of-field, continuing education, or not employed**.
- **Ensure consistency and comparability** across all ACCSC-accredited institutions by using uniform definitions and reporting periods.
- **Demonstrate compliance** with ACCSC standards for student success, which are central to maintaining accreditation.

In short, these charts help ACCSC evaluate whether a program is effectively educating students and supporting successful job placement.
